Subject: HERO Support for NCEA Assessments
Attachments: Milestone table 2011 only 12-16-10.xlsx

Following up on my comments at Round Table today, the work assignment for HERO support with ICF should be available shortly - at least it has made it way thru EAS. I would appreciate each division including IRIS working with Ellen and me to prioritize the assessments to enter into HERO. I am attaching the 2011 milestone spreadsheet dated Dec 16 which is the latest one I received.

The goal that John and I have discussed with Becki, Darrell and Lynn is to have all of our assessments this year being submitted to Agency review through posting to be included in HERO. This way all reviewers including agency, inter agency and external peer reviewers can use HERO while they review the document. This means at the minimum we must have the references in HERO and the ideal would be for all documents to be Lit Cited so the references are hyperlinked.

I would like to set up a call with each of the deputies to get a timeline and priority for your assessments. Please let me know if you want anyone else included on these calls. Ellen and I hope to start the calls next week so we can have a plan ready for ICF as soon as the work assignment is in place.
